China Eastern Signs Framework Agreement of Strategic Cooperation with Zhejiang Provincial Government

China Eastern (CES) has signed a framework agreement of strategic cooperation with the government of Zhejiang Province in a bid to unleash each other's advantages, strengthen strategic partnership and put concerted efforts into the development of air transportation in Zhejiang.

Under the agreement, both parties are expected to deepen cooperation and boost civil aviation of Hangzhou, capital of Zhejiang, by complementing each other with advantages, addressing both short-term and long-term needs and achieving a win-win result through development. CES will increase its transport capacity in Hangzhou, keep improving and extending flight networks, establish its base in Hangzhou Xiaoshan International Airport. Zhejiang Province is going to issue supportive policies with preferential terms in base establishment, talent introduction and flight time resource, in a move to help CES realize administrative localization in Hangzhou.
